

CARNEGIE INSTITUTION OF WASHINGTON
DEPARTMENT OF GENETICS
COLD SPRING HARBOR, LONG ISLAND, N. Y.

August 10, 1944

Dear Tracy:

The question of the meetings in Cleveland has been more debated, It is my impression that the general feeling is similar to Cleland's, that the meeting should be held with the approval of ODT, if possible, or, if not, should be cancelled, I am enclosing copy of a wire sent from here to the ODT, and their reply, that seems to me clear cut enough. To be remembered that ODT required that meetings should not be held several months ago (see Bulletin A.A.A.S. July issue). Yesterday Dobzhansky received from Yale copy of the other enclosure, a letter that the Yale group is sending to Science in order to clarify the issue. We all added our signatures and returned ~~to~~ it to Hutchinson.

We are all very pleased at the idea of your visiting here. Delbrück will arrive also on the 21st.

Best regards,

Luria
